

Dense Fog Advisory issued December 26 at 2:52AM EST until December 26 at 9:00AM EST by NWS Mount Holly NJ

Event : Dense Fog Advisory

Description : * WHAT...Areas of dense fog with the visibility dropping to less than one half mile.

* WHERE...Parts of central New Jersey, southern New Jersey, Delaware and northeastern Maryland.

* WHEN...Until 9:00 AM this morning.

* IMPACTS...Hazardous driving conditions are likely due to low visibility.

* ADDITIONAL DETAILS...Temperatures are below freezing in much of the area. As a result, freezing fog is expected. There may be slippery spots on area roads, walkways and parking lots.

Instruction : If driving, slow down and use your low beam headlights. Be sure to leave plenty of room between your vehicle and the one ahead of you.
